CAPSTONE REHABILITATION AND HEALTHCARE CENTER services both short stay recovery, as well as ongoing supportive services for individuals requiring long-term care. Our focus is on improving the quality of life for those we serve.

Our individualized plans of care delivered on a short-term basis help people restore strength, function and independence following surgery or a hospital stay. Our vision calls for us to improve the health and well-being of our patients through innovative care and we aspire to do that each and every day.
